## Education

- **California State Polytechnic University, Pomona** June 2018  
M.S. in Mathematics (Applied Emphasis) GPA: 4.00  
\* Graduate Coursework: Mathematical Modeling; Mathematical Programming; Applied Linear Regression.
- **University of California, Berkeley** May 2016  
B.A. in Mathematics (Pure Emphasis) GPA: 3.70  
\* Undergraduate Coursework: Numerical Analysis; Abstract Algebra; Number Theory; Discrete Mathematics.

---

## Employment

- **Graduate Teaching Assistant, Cal Poly Pomona** Winter 2018  
\* Will teach an algebra class as the main instructor. Homework will be assigned on *Connect Math*.
- **Academic Excellence Workshop Facilitator, Cal Poly Pomona** Fall 2017  
\* Help students from the *SEES* program succeed in integral calculus.  
\* Create calculus worksheets weekly.
- **Math Tutor, C2 Education** March 2017 - September 2017  
\* Created unique lessons for high school students preparing for the ACT/SAT.  
\* Suggested curriculum for advanced math students.
- **Workshop Leader, U.C. Berkeley** Summer 2016  
\* Helped freshmen succeed in their first math class at Berkeley during *Summer Bridge*.
- **Math and Physics Tutor, Saddleback College** Summer 2012 - Spring 2014  
\* Tutored all math and physics classes offered as a general tutor and supplemental instructor.  
\* Helped engineering students succeed in the accelerated math program *OC Bridge 2 Engineering*.

## Projects

- **Personal Website**  
\* Created my personal website DiegoAvalos.net using HTML and CSS hosted on GitHub.
- **Educational Matlab Programs**  
\* Created a program that randomly generates solvable linear systems of equations of 2 and 3 unknowns.  
\* Created a program that randomly generates binomial probability questions.  
\* The programs allow students to obtain access to virtually endless math exercises.  
\* Instructors can use the programs to generate math exercises to assign students.
